

# Nobleton & King City GARDEN CLUB

**Join us on Monday, April 27th at 7:30 pm!**

**Lisa Massie, Xerces Ambassador  
presents**

**The Monarch: An Icon on the Edge**

**Monarch butterflies (*Danaus plexippus*) are perhaps the most well-known and beloved butterflies in North America. Seen in gardens, prairies, and natural areas from coast to coast, their arrival in Ontario each year is viewed by many as a welcome sign of the change in seasons from spring to summer. This presentation will introduce us to the butterfly's life-cycle and migration, discuss reasons for the recent decline in Monarch populations, and showcase the importance of providing nectar-rich flowers and native milkweed host plants in our gardens.**

**Join us at Laskay Hall  
2920 King Rd, King City  
\$ 10 for guests  
or  
\$30 annual  
membership**
