## Beautification Committee Update - Janet Crouch

Flowers and green shoots from plants and bulbs planted by the Beautification Committee are sure signs of spring.

Colour to cheer visitors to Wellwood Juravinski House, the cenotaph on Sanatorium Road and families remembering loved ones at the Legion 163 Memorial Garden on Limeridge Road are sure to delight.

Our upcoming 2025 projects will provide a welcome sight at the Alberton Road entrance to the Ancaster Senior Achievement Centre in Ancaster, in partnership with the Ancaster Horticultural Society, planting a memorial tree at the Legion 163 and revitalizing an edible garden that provides food and learning opportunities for clients and neighbours of Neighbour to Neighbour on Athens St. We are eager to get started and to welcome new members to the committee and beautification suggestions.

Happy spring! Janet
