This year, we are looking for "Foster Planting Parents" who would be willing to start plants for our Jr Gardeners.

## Gardening as a KHS family

I see our society as a family. I would love to sit with a cup of tea and hear each of your stories, your heart, your hurts, your joys, or about your favourite place in your garden. Thank you to those have shared. I cherish your relationship. We don't only need to see our town gardens become beautiful, we need to weed, water and gently tend the garden of our souls too. Summer is coming, my heart and Lavender Sanctuary Garden are open to all of you. 320 Summerset Ave. Please feel free to stop by, hang out, and share life together. I can learn from you.
