

# Nobleton & King City GARDEN CLUB

**Join us on Monday, March 23rd at 7:30 pm!**

## **Glenn Munroe presents Compost, Soil Health and Climate Change**

**Join us for this interactive workshop to find out how soil health connects to climate and human health, and how composting and compost use are among the best tools we have to make that positive connection happen. We can fight climate change, support biodiversity, and promote healthy food right in our own gardens and yards.**

**Join us at Laskay Hall  
2920 King Rd, King City**

**\$10 for guests  
or  
\$30 annual membership**

**Glenn Munroe, Manager – Special Projects, Compost Council of Canada. Glenn's current work focuses on soil health and the relationship between compost, soil and climate. He both consults and runs training and education programs in these topics.**
