

### Join in the fun and learning:

We have 4 Flower, Veggie and Design shows a year aligning with our growing cycles. Check out the *2023 Show and Activity List* and bring in some of your beauties. Professional judges leave comments for our education.

## Designing Gardens to Mitigate Climate Change

Severe weather events are occurring more frequently and climate change is affecting the way we live. **Joanne Mohan, Sustainable Landscape Designer at Parklane Landscapes**, will advise us how we can adapt our gardens and outdoor spaces to be more resilient and part of the solution by becoming more environmentally sustainable.

**Monday, Sept. 11 7:30 pm**  
**Pefferlaw Lions Hall**  
**38 Pete's Lane**

**What's in Your Garden?** Bring in your flowers, veggies and designs ~ Asters, Calendula, Coleus, Dahlia, Grass, Marigold, Sedum, Sunflower, Beans, Carrots, Garlic, Onion, Tomatoes, Squash, designs and more. Check your 2023 Show & Activity List for more info.

### Tonight We Welcome Anna Mizyn of Anna's Perennials Nursery & Gardens

Anna Mizyn is a “mad gardener” as she is always looking for a new plant, collecting seeds and trying to grow plants that others say aren't possible in our area. As a result, she grows many different and interesting species, native and from around the world, that are easy to grow and hardy for zones 4-5.

Tonight Anna will introduce us to hardy cacti, succulents and sempervivums perfect for our gardens

Check out Anna's Blog Page, Facebook and Website:  
[www.annasperennials.com](http://www.annasperennials.com) and is located at 63  
Shoreview Road, Lindsay.

**GBGC members tour, Friday July 21, 10:00 am**

## Members Enjoying Member's Gardens:

We are our best students and teachers. Throughout the summer we'll be touring some GBGC member's gardens. A big thank you to Stella and Bill Trainor for inviting us into their lovely garden oasis.

and to Sharon & Paul Bognar for sharing their wonderful rural property with its showy plants, trees, shrubs & veggies. Such excitingly different gardens!

## Members Enjoying Member's Gardens:

**Thurs. July 13, 4-5 pm & 7-8 pm, Dorothy and Keith Shier,** C20324 Brock Road, Wilfrid, south of Cameron St/Durham12. Lots of parking on site.

As a plant lover and seed saver, many of Dorothy's annuals & veggies are grown from saved seeds. Enjoy the rural setting with scree garden plants and seedlings of endangered Butternut trees.

**Thurs. July 27, 4-5 pm & 7-8 pm, Denise and Terry Sheedy,** 7130 Old Homestead Road, east of Park Road on the north side. Lots of parking on site.

Numerous perennial gardens spanning 25 years, featuring lots of natural stone, weathered wood, rusty metal, garden art and water features. It's a story of re-wilding crop fields with gardens, trails and wildlife habitat.

**Thurs. August 3, 4-5 pm & 7-8 pm, Lynne and Ralph Davidson,** 24980 Thorah Park Blvd, at the junction of Conc. 2. Parking on site or on road.

This relaxed lakefront setting sports gardens on all sides, from lush shady spots to formal front entry beds with season long blooms. Lynne has been growing more native plants benefitting butterflies and pollinators.

Special Field Trip:

### Anna's Perennials Nursery & Gardens

Enjoy a free, guided tour of 3+ acres of gardens, based on ecological planting: the right plant for the right place. We'll walk trails lined with big sunny beds full of colour. There is a large drought-tolerant or cactus garden. The soil is poor, very sandy, well-drained. The four big garden beds are full of cacti, alpine, sempervivums, grasses, and many other perennials. It's a short walk to the woodland garden full of shade-loving bulbs, perennials, and shrubs planted under a canopy of maples. Even on a hot scorching day, this garden is cool and welcoming with benches.

If interested in purchasing plants - cash, e transfer & cheques accepted.

**Friday, July 21  
10:00 am**

63 Shoreview Road, just off Pigeon  
Lake Road (15 minutes east of  
Lindsay and 10 minutes south of  
Bobcaygeon)  
Consider car pooling.
