**Name: First**   **Leslye**

**Last**   **Glover**

### **Biography:**

Please provide a brief description of your qualifications, skills and/or experience

I joined Garden Stratford when I relocated here in 2013. I served on the Board for 2 years. At the present time, I am part of a group which is drawing up a plan to refurbish the gardens at our local library.

I am a Master Gardener (Dalhousie) and belong to the Stratford and Area Master Gardeners, where I serve as secretary. The MGs undertake to provide 'chats' on relevant topics before each Garden Stratford meeting. Most recently, I presented the topic below, virtually. It was suggested that other Societies might enjoy it. I am keenly interested in native plants, invasive species and climate change mitigation.

I have not completed the section about areas I would travel to, since it is irrelevant at this time.
