

BHS JUNE FLOWER SHOW

Thank You to Leader Linda W, Clerk Virginia M, and Judge Margaret C and
Congratulations to all participants

JULY VISIT TO MEADOWVIEW GARDENS

GARRY AND JULIE EDWARDS

The gardens at Meadow View were started in 2015 with a dream, which very quickly turned into planning and then into a lot of hard work. Everything that you see at Meadow View has been designed, constructed and executed by just the two of us, and we are still together!

We got started on the half acre Victorian Kitchen Garden first as we really wanted to produce our own fruit and vegetables. The layout got underway in the Spring of 2015, with the pathways being marked and the beds being dug, not easy when the site started off as a hay field! The hedges were planted in the fall of the same year as were a lot of our apples and pears. Since then, we have continued planting more fruit, and we plant enough vegetables each year to keep us supplied all season long, some varieties including potatoes, carrots, parsnips, squash are dug and stored to keep us going most of the winter too.

In early 2016 more cedar hedges were planted to start creating other garden areas. Also during the spring the next phase began with the Courtyard Garden, which was completed by the summer. The courtyard followed being constructed in the late summer of the same year.

2017 was the year that very nearly broke, not the camel's back but definitely ours with the construction and planting of the pond and 15 foot waterfall. The marking out and digging of the flower beds in our 2-acre cottage garden followed by the planting of trees, shrubs, perennials and grasses. The Rock Garden was constructed in the spring with planting being finished by late fall.

BHS had a good turnout for a light supper and a Garden Tour and other than a drop or two of rain - a good time was had by all! Thanks Diane for arranging this evening.

AUGUST MEETING

At our August meeting, members loved Gunther Schubert's presentation on Monarch Butterflies, a topic that concerns us all. For more information on this initiative, go to the **Monarch Ultra** Facebook page.

MONARCH ULTRA LAUNCH EVENT!

DATE: THURSDAY, SEPT. 19, 2019

TIME: 7:30AM

LOCATION: DEPAVE SITE (BEHIND NO FRILLS)

PARKING: NO FRILLS

You are invited to the official launch date of the Monarch Ultra, a 4,300km relay run & documentary project following the monarch migration from Peterborough to the Sierra Madre Mountains in Mexico! Everyone is invited to join us at 7:30am as we begin this epic adventure!
