

Garden Visits August 6th 2023

Marilyn & Glenn Yurick

5020 Townline Road

Their gardens are a mix of formal and whimsical accents and styling. She has a large collection of Hosta's around the garden along with a mix of annuals, shrubs, perennials and veggies.

Karen Bradley

238 McKibbin Street

This is a wonderful space filled with perennials, annuals and many personal touches throughout. Karen was one of the original rebel "boulevard gardeners" - they have removed all the grass from the boulevard and planted a garden instead.

Paul & Lois Sebesta

186 Phillips Street

They have created a wonderful oasis in this garden. If you are an admirer of Daylilies, you will be amazed at their collection (I know I was).

Public Gardens for visiting

Hope and Memory Garden
Adelaide Butterfly Garden

Hillcrest Park
Centennial Conservatory
