

Catherine McGill

Bio

Aging, round, humour in a nutshell

I was a chef for over 20 years, Blacksmith, Horse trainer, Riding instructor but the ones you want to know is my own Garden maintenance business for way too long, 40+ years and my clients are in majority, seniors, I am also a Horticultural and Design judge, so yes I know a little about a whole bunch of plants, was also OHA Director of District 6 which is a big area with 21 hort societies and in 2023 retired from the board of OHA as the Southwest rep where I helped the directors of all the other districts.

Officially retired from it all, but you know once a volunteer always a volunteer. Still the admin on a bunch of Facebook pages, gardenontario the OHA's group, District 6 page and Haldimand Horts page.

My moto I strive to maintain is; if you can't see the humour in what you are doing, Why are you doing it?
